WCN 2023

XXVI WORLD CONGRESS
OF NEUROLOGY

MONTREAL

15-19 OCTOBER 2023

The 10th annual Tournament of the Minds, organized by the World Federation of Neurology at the World Congress of Neurology, will offer a unique blend of education and entertainment, exploring various aspects of neurology.

Teams consisting of four neurologists are encouraged to enter the Tournament of Minds! Teams can represent individual neurology departments, cities, or the national WFN member society. As the meeting is hybrid, teams can be present in person or virtually; if competing virtually, all team members will need to be in one room.

All team members must be registered participants in the World Congress of Neurology (WCN 2023).

The Tournament is a unique opportunity for participants of the XXVI World Congress of Neurology to interact with colleagues, test intellectual tenacity, and demonstrate pride, all while competing in departmental, city, or national teams.
